I Can Help _____

Directions:

1. Write 3-5 chores that you can do to help out at home on the lines that say "English" (example: I will clean my room.). Next, circle the verb (action word) in each sentence (example: I will clean my room.).
2. Look up the Spanish word for each verb, and then write the Spanish word on the line that says "español" (e.g., *limpiar*)
3. Cut each strip out. You now have the bristles for your broom.
4. Assemble your broom by taping the bristles together and then taping the bristles to a straw.

The finished activity will look something like this:

English: _____	español: _____
English: _____	español: _____
English: _____	español: _____
English: _____	español: _____
